There were one hundred and fourteen Paris people on the excursion. The return train was composed of two sections, run about fifteen minutes apart.

## Tried For Petit Larceny.

Chick Piper and Ace Huffman, colored, were tried before Judge Smith yesterday on the charge of petit larceny, and were sentenced to thirty days at hard labor. A watermelon party offers a merry mid-Summer diversion for a party of young people.

## Harvest For Thieves.

Pickpockets and sneak thieves reaped a rich harvest in Lexington last week during the Elk Fair. They secured a number of valuable diamonds, and pocketbooks galore, and then invaded a Main street gambling house and stole \$310 from a well known Lexington man. ## A Prisoner Escapes.

Jailer Kiser fired four shots at Duncan who ran across Houston creek into a corn field on the G. G. White place. Duncan has not yet been captured. He had just appeared before Judge Smith and had been held over to Circuit Court in \$200 bond. He is the man who is charged with stealing harness from James Hukill and Dan Morris.

## Stanley's High Dives.

Meredith Stanley, of Cincinnati, who jumped from a high ladder on Broadway during the recent engagement of the Boone-Yaki Co. in this city, made three high dives in Cincinnati one day last week. He jumped first from the Louisville &amp; Nashville bridge, then from the Central bridge, and finally from the Suspension bridge. The three plunges were made at 6:20, 6:45 and 7:10. The last exhibition was witnessed by fully 3,000 persons. The crowd on the Suspension bridge was so great that the diver had a difficult task to reach the center, from which he jumped.

If you cannot read this small print at a distance of 14 inches your eyesight is failing and should have immediate attention:

Imperial spectacles and eyeglasses have perfect lenses, always perfectly centered and made of purest material, set in frames of the highest elasticity and consequently of greatest durability, united with the utmost lightness and elegance. When both frames and lenses are scientifically fitted by Dr. C. H. Bowen's system they always give satisfaction for they are perfect. Never buy cheap spectacles, nor of men who do not know how to fit them. You will get poorly adjusted spectacles, or poor, imperfect lenses, and are left without any glasses this with either of these defects. Buy Imperial spectacles of a reliable, skillful dealer, and they will last longer without change and be cheapest in the end.

We have engaged the services of Dr. C. H. Bowen who will visit our store on the second and last Thursdays of each month and invite all to call and have their eyes examined, for which there is no charge. Satisfaction guaranteed or money refunded.

Next visit—Thursday, Aug. 30, 1900. Hello, 170.
